# The doctoral schools

- The doctoral schools were formed at the national level in 2006.
- The administration and policy of each doctoral school is determined by a Board composed of delegates from each laboratory.

- The missions of the doctoral schools are to :
  - harmonise the functioning of the specific research units
  - Offer Phd training (seminars, courses in specific fields)

# In Closing

❖ Thank you for your attention and I wish you an excellent and prosperous stay here at UCA.
